In the 18th century, a young colour chemist Lewis Berger, was manufacturing Prussian blue using a secret process that every designer and householder coveted. Apart from his marvellous shades, he offered people a chance to transform their homes through the power of imagination.

Today the Lewis Berger name is synonymous with colour worldwide. And his example continues to inspire Berger Paints to create and innovate. Reflecting the unending quest for quality that informs everything the company does.

Colour is a form of self-expression. And at Berger we believe in taking paint to the level of fine art. Enriched by the imagination of Lewis Berger.
